We had a good experience.. Air con is good (better than other pet events). Interesting overseas vendors. The walkway is ok, not too narrow. Quite clean in general, I saw the cleaners diligently cleaning up. Quite generous for organiser to provide diapers and pet products for visitors to use (don't see this in other pet events). - **Crayon (Consumer)**

SGPF was amazing with the variety of vendors from pets food to accessories to even human clothings! Had an amazing time shopping with my dog and really appreciate that the booths are very well spaced out! Also, no time hot pot is the best bonus for humans! Thank you so much for all your hard work, extensive advertising and support from Clubpets. We were able to successfully hold the event. We are extremely grateful for the meticulous attention given. All event staff was so friendly and responded to requests immediately. It was the best! - Eastsea Brother (Korea Exhibitor)

Our first time participating at SGPF. We made an excellent choice. Not only did we showcase our products to many customers, we also got interests from distributors. Overall, we got what we wanted from this amazing event! The planning was great. The official event contractor was good, very professional in creating our booth, we got 10th place. Best Booth Design Award.

Aisles were wide and easy for customers to walk with their pets without bumping into each other. It also gave us vendors plenty of room to sell our products. Having experiences in Hong Kong pet fairs, I would say both vendors and customers would enjoy this event in SG. The show being in MBS was simply a robust reputation boost! Finally I would like to thank Clubpets Team for introducing SGPF, they have helped me a lot and made extra step to organise our booth and logistics. I give a 5/5 star review for this event and would be interested to join again next year!
